S2 EP161 — Ted Talk – Melissa & Alan

Don't think Diana will be interested in the Flash Drive series she herself invented to help Alan's GIRLFRIEND Melissa 😊

A Widow indeed , A Widow spider, they eat their mate...maybe a hint ?

Widows and Orphans...sounds a bit like a masonic remark 😊 It seems that after two weeks slaving for Frau M in Texas Diana is no longer showering with her.

A broken heart for sure... & a much lighter wallethope you find it all very entertaining, I certainly do , stunning stuff 😊

Hope you see the irony of it all...

First Talk about the fallout between CTTM and the Willing Fool (Diana)

Ya, had not noticed all this stuff going on, stumbled upon it by accident or intuition, something told me to look at her channel, not that I often do as it is an awful silly bs channel and yet we do find a few gold nuggets between the dirt, amazing..

Will post transcript, did download , safeguard, the media, for later reference before , you know, things might happen....hint hint... Which is quite common when you deal with all the smells like CTTM now, things have a tendency to go missing , erased, memory holed, very quickly and silently yep..

It is obvious Diana is suffering from some sort of trauma, that is obvious, it is obvious she has some serious mental health issues, that is ya...in the open...

There is some truth to the matter, yes she got used by the Cult in Texas, Melissa, that is obvious.

Of course you could say , well than she is a dumb bitch, allowing herself to be used by a witch ...ya...I do agree, unfortunately people who are not stable , like Diana and a Debess and a Karen and god knows who else....;there will be more.....a street of shame.....somehow allow themselves to be used, hard to put into word, a guru complex, or devotees, totally committed to the cause, blinded by the light, etc etc etc etc

zombies

It is obvious the CTTM cult is evil, that is obvious , no question about it , however, that does not mean per se the witnesses in this case are innocent, we have to be objective here.

Their hands are not without stains either...

Repeat for the slow of thinking

Their hands are not without stains either as the " enabled the beast to flourish" , that is something they have to deal with. No one forced them to do so, they got double-crossed, whacked and suffer , yes, but they were there themselves and let it happen and only cry wolf once they get kicked out or things get so out of proportion it becomes so obvious even those morons can pick up on it....that is my take on things.

They all assisted, repeat, they all assisted the beast, ok ? Hope that point is very very clear, hope it sinks in. The all enabled the darkness to thrive, they are all guilty , at least Jo Leigh and Diana, they scammed or had Melissa scam the public, they even helped her !!!

It took , both of them , a long long long fecking time to figure out they have been led by the nose, so to blame it all on lady M is not the full truth , that is a cop out, a pat answer , an excuse, you were there, Diana, and Debess and all the others, you were there and now there is treason and you shift the blame 100% on CTTM, no , you are part of it to, you got a lot to answer for too.

Do not blame other folk for your actions, you do carry responsibility.

At least you are , like Jo, honest enough to state publicly you have been hoodwinked, ya you have, big time

CTTM screwed thousands and thousands of bucks out of you two dumb jokers

for YEARS

and now, oh oh oh ...you cry wolf...

You are all just what you are , dumb fecking CULT members, that is what you are, like you are designed that way , to fall for such scammers, you cannot help yourself, all of you who fall for CTTM lady M witchcraft. You deserve the pain, all of you, learn from it, grow out of it. Keep in mind, none of those stupid clowns dare to contact me, as here you get the truth and oh boy , truth is a bitch eh ? Wow, it hurts eh ? We take no prisoners....We do not cover up... Take the pain, you all deserved it , longed for it, made it happen, wished it into existence, that is what you did. Do not put all the blame on lady Melissa. Do not do that.

Give her a rant, fine, but also look in the mirror and tell yourself , this stupid bitch is never gonna fall for such evil scammers again, learn from it, so we can learn from you. Maybe that day will come but it is not yet here. It may happen or may not happen, personally, judging by the behavior of all parties involved, **their lack of communication, esp with us, it shows they lack the honesty and INSIGHT in themselves to change.**

They got their asses kicked and burned by the Cult in Texas and now they are annoyed and ashamed, really , Diana ? Really , with your stupid bible satanic crap ? Really ? Promoting that religious demonic made belief systems, have you learned nothing ? Promoting the Vatican, make sense of that if you can. No, this black and white bs has to stop, but the public have a right to think for themselves that is why I put all that crap up you see, for you to learn, to navigate along things, make up your own mind or as Alan would put it

be your own champion

think for yourself

know thyself

And Alan was right , however, even Jackie in the old days caught on to the fact most, not all, most long term listeners are zombies and suffer from **Guru syndrome**, which is true , that should not be ignored, it is a threat, a risk, an unfortunate happening that most will see those Seers like Alan as Gurus...maybe not you and me but the herd that " follows" AW surely for a large part consisted of those devotees, the cult members, as we so often see. **No critical questions asked** , have you ever asked CTTM a critical question ? Hmmand ? Did you get a reply , a proper reply ... ? I rest my case , your honor, I like the black saturnal dress

you are wearing today John and your wig, quite sexy if I dare to say so.
Would you please step down now , you freaky peasant ? Yes your honorable Judge, I step down now.

And as Frau Regine from Germany said, there were more " working" for CTTM , those transcribers or whatever role they had, , maybe CTTM , frau M is just using them up, culling them of, one by one, sucking them dry for cash and bumping them off, so be it , not my concern. **Must say I will not shed tears about it all.** Melissa seems to have many slaves who do anything for CTTM , brainwashed cult members, so she is good to go for a while, if she has some cash problems, she just contacts one of those clowns with a sad ...sad....snotty...story and hoopla, miraculously the bank accounts go up , stunning, magic...

Not sure how many cult slaves there are, but if there are quite a few this nonsense can go on for a long long time , unfortunately. None of those idiots will wake up to it. They are too far gone, like Diana here, totally lost the plot.

S2 EP106 — Ted Talk – The Quiet Yell

Transcript

Good morning everybody. It is May 1st.

I thought I better get out here because I haven't been out here since last week and take a quick look at my list of perpetrators, incidents, and handlers.

Okay.

And get busy.

Melissa

Christine

arm.

Check.

And I just uh re I think I rewatched his either session or TED talk where I was talking about yelling uh yelling without vocalizing a yell. And uh I'm going to do a little bit of that so I don't blow out my vocal cords.

*How dare you?
How dare you*

defile and degrade me? Embarrassing

humiliate me.

How dare you?

Angie,

Christine,

Melissa, you using

*And Alan Watt. You're a clever one. Yeah.
You're dead. Melissa idolizes you and talks to you every day. witch
claiming to be a Christian. How dare you false prophets. Oh, dang.*

*It's funny because I don't feel the need to get out here
three, four, five times a week like I did a year ago or even six months ago.
And I think because the bulk of my rage is maybe not the bulk, but maybe more than
half is expended and gone. I tend to put off coming out. Not put off, but I just find other stuff to do. And so I have to make myself
get out here. I don't want to disappoint my parts that still have rage left over.*

*Even though the bucket's not full like it was before, it's still in there. So, I I've got to
I've got to commit to those parts that still have little bits left. They're not
at tens. They might be at ones or twos, but they still want to get rid of it.
They want their peace and happiness levels higher. They want to be peaceful
and happy. And whether I think I got a,05 parts right now, 103 something like that.*

*I lost my train of thought. Let me get back out. Oh, you nasty creatures. Nasty men. All selling your souls to the devil.
Buying into this worldly Those of you who claim to be Christians, Melissa Reed, you are not. You can't*

even say Christianity or Jesus without qualifying it or sticking on your tongue. You're no Christian. You're all about Allen. Allen is your God.

But you could both go to hell and be in hell.

I hope you wake up and see it, Melissa. I hope you do and that you can repent. I think you got a good heart in there. But you are so misled and beguiled. You said it yourself. Love covers a multitude of sins. Well, your love, your blind love of Allan is what's taking you straight to hell.

And I'm going to tell the world all of them. How dare they? False prophets. Wow. Gotta catch my breath. I think having the notion go through my head to lay this guy down. So Let me get the chair. Katefield, thank you. If I had not seen you do this, I probably wouldn't be. Never dawned on me to lay him down. And for those of you that never have, I'll say it's a very different experience psychologically because I put them on the ground and now I'm going to beat the snot out of them and can't do anything about it. So, it's just very different. You have to take what I give you and feel it. All of you out there still alive.

Feel it. Feel it. Feel it. Feel it. Feel it. Tenfold. God give it to you tenfold right now.

Melissa have migraines for a week. Angie have migraines for a year. Mary have migraines too. Christine Van Mir have my grace forever.

And for all of you in hell, may God turn the flames up 100fold on you right now. Feel it. Feel it. Feel it.

Gabrielle, I don't know how you do this for an hour, hour and a half. God bless you. Keep at it. I think you're going to burn your anger out way faster than I did.

doggies. Burn harder. turn the flames of hell upon all of you. Dad, grandma, grandpa, and Elanor. All of you.

Just had two more purpose names pop in my head, but got to catch my breath first. My goodness, Michael Aino, you shot yourself in the end, didn't you? What a

What a coward. Shot yourself. Well, good. I know you're in hell. May God burn you extra hard, extra hot. More suffering for you. And John C. Lily,

every president that's dead, every politician, and Henry Kissinger, all of you. George Bush, the Clintons, all of you. Barack Obama, Ford, Nixon, all of you.

Oh my goodness. It's my little ones that like to walk on them. You're never going to hurt us again. Ever. I think I'm good. Well, obviously not, cuz now I'm seeing the weapons in my head.

Parts are saying get the weapons out. Rip you all to shreds. Every last one of you. Take my wrath. You take God's wrath. How dare you.

Feel it. Slice you up the way you made me slice the innocent ones.

Shut your head off. You deserve to die. Wow, there's a lot in there.

All right. Well, nothing else is popping up into my head except for this. So, I think I'm going sign off for now. And again, give that a shot.

Those of you who live in apartments, yell as hard as you can without your vocals. Just A

you won't blow out your vocals. I don't know why I forgot about that. I did it months ago and it worked. I only did it the once, but uh when I ran into

it again, I think yesterday or the day before, I was like, "Oh yeah, I forgot." Uh so uh anyhow thanks for coming with me on my journey.

Thanks for your well wishes and your love it's felt. I appreciate it and I hope you feel the same for me back to you.

We've all been through a lot, a lot of heinous stuff. And there's a light at the end of the tunnel and you can get there. I promise.

Just got to put the work in. This work in particular. It's my opinion. This TUD work, I dare say, is 50% or more has been of my healing. So, anyhow, um, God bless you. God surround you, your godly loved ones, your homes, your pets, your properties, your uh electronics, the data in those

electronics, your vehicles, your travels, your workplaces and destinations. Surround all of it, all of you with impenetrable shields of God's love, with his holy

angels standing guard. I ask Jesus to send his warrior angels in times of spiritual warfare against you, against us. I ask Jesus to bind all the powers, principalities, spiritual wickedness and

dark forces in all places on all plains of existence from you, your godly loved ones, your homes, your pets, your property, your electronics, your data,

your vehicles, your travels, your workplaces, and your destinations. and to block all astral projection to you.

I ask that God give you exactly what you need when you need it and give you the eyes to see it, the ears to hear it, the heart to feel it, and the heart to cling

to Jesus and the courage and a voice to speak your truth and to speak Jesus' truth. Um, God bless you all. I love you and uh I wish

you all the the power and courage and comfort and strength and speed and empowerment on your journey healing this. God bless you. I love you. Bye. And what comes around? I'll tell you why. out and round will find a way. Just give it time...shine.

Transcript – partially ,there was too much bs in it , so I cut that out, left only relevant parts in.

and the second thing is going to be um something that I've worked on for the past 17 years um yeah on 2007 I discovered a a man who was uh I guess today you would call it a podcast um but he was just recording talks audio talks only and posting them up on the Internet the website is called cutting through them matrix.com uh for short we call it ctm and if you read it out that way it's cut them which I like the sound of that cut them cut those bad guys anyway uh the man's name is Alan watt he's a researcher into the causitive effects of things in the world he researches back Millennia uh thousands of years brilliant man he explains things in a very easy to understand way I will say that um when I first started listening to him uh I had to look up a lot of words um but it was worth it I I thought that his talks were so important and so impactful to me personally and my understanding of the world that I felt compelled to transcribe his shows and I transcribed his shows for 17 years he died in 2020 actually no I'm sorry uh he died March of 2021 he was here for the first year of Co thank God because he helped keep a lot of us sane

through all that fear and craziness and some might add ritual worldwide ritual so um in transcribing those shows I learned a lot and uh after I finished transcribing all of the shows then and he passed away there was still another two more years to do to catch up and get them all finished and they're still not all 100% finished but the bulk of the work is I'm editing uh about 5 years worth of shows and then those will get posted but I started to help his wife who is

now continuing on his legacy with his website um her brand for it is cttm Allan want and what I have been doing is creating videos and how I make those videos is I sort through his thousands and thousands of videos or sorry excuse me thousands of audio shows with one Topic in mind and then I'm able to sort through those because we have what we call show notes is a list of all the topics that Allan discussed during one show and he could have discussed a 100 topics during a one-hour show imagine what a 5H hour show would be anyhow we have those uh someone compiled all those show notes into one searchable database that she and I have she gave me a copy and so I'll say to myself well you know I'm interested in what Alan thought about Pavlov and his experimentations so I can search through all of the show notes and find the 80 or 90 different shows where he mentioned Pavlov so sort pull those shows out throw them into a software and then literally go into each one of those shows our long shows and because I know where it is in the show notes I can you know kind of pinpoint where it is in a show and pull out of that one or two or five or even 20 minutes from one show about that one subject pull them out compile all of those together and make one show about Pavlov where a Alan is discussing him and so that's what I did my first series was called the experiments I don't know why I was drawn to go that way I had this impression that uh one night when I had the idea and how I could do it I thought I felt like Allan was whispering in my ear saying do the experiments do the experiments back then I thought it was actually Allan coming to me in spiritual form and perhaps he did perhaps it's a combination of both but now I realized that because I worked on his shows for 17 years and I had his ear in his voice in my ear for 17 years that I have a part named Allan that has retained all that information so whether it was actually Alan as a spirit coming and giving me inspiration or was was the part inside of me I think both of you um anyhow it's a the first series of videos that I did was called the experiments and there's 12 of them it goes through Pavlov BF Skinner um you mccameron uh MK Ultra which I will say when I look think of it now it really is surface level stuff for Mk Ultra but if you're new to the subject it'll give you an idea so I am going to be taking those videos that oh oh I'm sorry let me back up and then I made a second series of videos I made a few series the second series I called the controllers they are the individuals across the world scientists um Etc who have been manipulating and controlling the population of the world and he gives you a these videos will give you a synopsis of these individuals um Allan gives you a view of the world from the top down because we look at the world from the bottom up and in doing so you get a better understanding of yourself and the world and what I've discovered for myself is that as I've started this journey to Healing with Sr that because Allan taught me the truth for 17 years that when my memory start flood started flooding back this past October so it's been about 9 months my parts already knew the true information my conscious mind knew the

AlanWattCTTM
CuttingThroughTheMatrix.com

um I also did a series of videos for that Channel The Cutting throughthematrix.com Channel on YouTube it's cttm
alan watt called signs and symbols uh way back around the same time October November December
I I was interested in symbol and symbology and Allan talked about it and
the import of it but he never because it wasn't video he couldn't show you he
could just talk about things so I thought why not give it visual
accompaniment and so I went around YouTube and was looking for stuff and I
found some brilliant channels and I must say I stole some of their ideas and they don't mind God
bless them so I was was able to compile images to go with Allen's words and create a
video and as I was doing that at the same time I'm remembering my Sr my memories and so as I had the memories
excuse me I I knew what I was looking at my conscious mind knew what I was looking
at the little girl back then trapped in that time period in that
Place had no idea what that was it was just a star on the wall and stars are

cool but now I know it's a pentagram and when you flip it upside down it means a very bad thing so I thought it was important for people

to know and also signs not just symbols but signs that people do with their hands and Sh handshakes and little things things that they do which we would think are just somebody being weirdo with their hand no it means something it means something Allan also went through Freemasonry and its impact on the world and the different secret societies and how they impact us he went through World politics medicine law the judicial system I can't even count the topics that he discussed but you will start to look at the world from the top down and understand how the rulers of this world and the controllers of this world run it and run us and control us so I am going to use those videos that were posted on that channel because they're mine and use them on my videos on my channel excuse me so that those of you out there that are interested can watch those and get an idea of who and what and how who and what runs our world and how they do it um

also I'm going to put up a couple of interviews that were done on me uh by Melissa who's alan's wife um she did an interview of me this past February and then the previous year before in February so that will give you a little bit more of an idea of who I am and where I'm at and a little bit of my humor or um Sr because I do discuss it in that second video so I just wanted to go through that and then um all my parts want to say hi.. hello um some of them are very excited to be

(admin note ..ps seems that " wife" thing is now solved eh Diana LMAO oh..and all t hose interviews, mysteriously went missing ...you cannot make this crap up folks, it s too good....seems lady D had her wake up call, well, better late than never and 6000 US \$ lighter...let's call it hmm " donation" to CTTM Cult...we move on)

May your God or your Gods or puppy go with you
